

## Wheelchair Winches

**As the leaders in mobility innovation, Vapor Ricon offers a wide range of vehicular access solutions for wheelchair-users.**

The W-Series Winch is specifically designed to assist a carer with the safe loading and unloading of a wheelchair-using passenger into a suitably modified vehicle. It's compact design and powered reeling system ensures a simple yet highly effective solution to access requirements.

### Features Include:

- This compact low profile model uses a powered reel in and reel out method and is supplied with a 3.5m belt as standard, 5m upon request.
- Long life tested to over 10,000 cycles under full load
- Small installation footprint 186 x 236 x 134 (H)
- Safe working load 225 Kg
- CE Approved
- 4 point fixing
- Universal MCF connection
- Quick release options for wheelchair connectivity
- Anti rollback (dynamic braking)
- Fail safe 'Dead Mans Handle' control circuitry
- Current overload protection and mechanical stop
- Optional emergency stop with isolator switch and remote 'wander lead socket'
- UK Manufactured
- Machine Directive 2006/42/EC
- Low Voltage Directive 2006/95/EC
- EMC Directive 2004/108/EC

### Benefits

- Simple controls
- Ease of installation
- Additional safety features
- 3 Year warranty (terms and conditions apply)
- Remote emergency stop unit
- Alternative wheelchair attachment MCF connections; karabiner hooks and T bar option
- Suppressed motor lead assemblies
- Mountable holder for hand held control unit

***The Winch should at no time be used to replace a passenger restraint system. Operation should be carried out by a competent individual.***
